

Innovative IT Work Management Software to Revolutionize IT Organizations Everywhere

[Entry Software Corporation](#) of London Ontario Canada announces that TeamHeadquarters V.7.0 Integrated IT Work Management software for Service Desk and Project Management will revolutionize IT Organizations everywhere.

FOR IMMEDIATE RELEASE

Apr 17, 2013 -- April 17, 2013 London Ontario

TeamHeadquarters V.7.0 addresses a unique business issue faced by IT organizations. The circumstance that the more IT work management tools added to an organization the less prediction or management of work occurs. This very dangerous situation is invariably and quickly followed by a decrease in customer service satisfaction levels.

TeamHeadquarters V.7.0 integrates critical components of effective IT work management into a single application thus eliminating up to 100% of the disparate IT management tools in place, increasing the ability of managers to manage, individuals to produce, and Project Managers to predict.

TeamHeadquarters integrates:

- Service Desk
- Incident and Problem Management
- Customer Self Service
- Asset Management
- Project Management
- Project Portfolio Management
- Resource Planning
- Resource Scheduling
- Personal Scheduling
- Time Management

“We are positioning TeamHeadquarters to be the IT work management system of choice.” says Mark Donais, CEO of Entry Software. “What we’re doing now is going revolutionize IT Work Management at every level of business, small, medium and enterprise.”

Entry Software Corporation is a leader in providing effective work management solutions to various industries around the globe. Their product, TeamHeadquarters, provides unique solutions for IT, Product, and Service Departments. TeamHeadquarters creates value through cost reduction, improved operating efficiency, and enhanced customer communications.
